Dear Howard,

In reference to 9103-59-131, I discussed this request for [redacted] clearance with Walt. He informs me he does not recall having discussed this with [redacted] Also, you will note there is no justification for his clearance in your letter. Also, there is no justification for the others requested. It would be appreciated if you could furnish us with such justification since the number of persons involved in your firm, as well as other firms, is becoming quite large.
